

## High-Pressure Gas Cylinders for Oxygen, Argon, Helium & Other Compressed Gases

- All cylinders are top quality, U.S. DOT and TC approved and manufactured to allow for PLUS and STAR rating.

- Cylinders are made from 4130X Chrome Moly Steel. All size 300, 250 and 220 cylinders are manufactured by the Billet Pierce process. All medical D through 150 size cylinders are manufactured by the spinning process.

- All standard sizes of new cylinders in stock; other sizes available.

- All 80cf and larger cylinders come with a plain or embossed neckring and cylinder cap.

- Acetylene cylinders, aluminum cylinders, valves, caps and neckrings also available.

**Cyl-Tec offers quick shipment and competitive prices worldwide.**
